Learn:Lead:Succeed

A resource to support the building of leadership in Australian schools (revised 2007) (paperback, A4, wire bound, 114 pages)

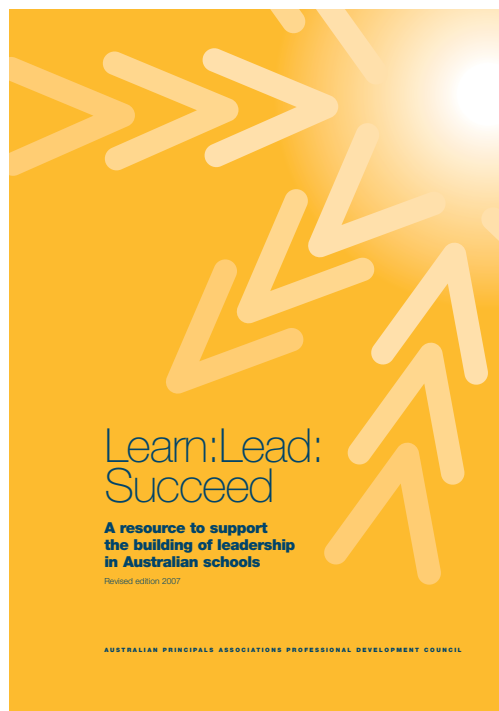

Learn:Lead:Succeed, APAPDC's very successful professional development resource for school leaders, has been revised and updated.

The first part of the resource examines the issues around leadership succession, the L5 Frame for building leadership in schools, how leadership is formed, and school-based leadership development programs.

The second part is constructed around five propositions of the L5 Frame that form a framework for building leadership in schools. Theory and practice are combined in a range of individual and group processes and activities that can be easily facilitated, built on and adapted to suit various situations.

1 copy is \$30, which includes GST, standard postage and handling within Australia. There is 10% discount for orders of 6 or more.
